Prospectus – 2022-23

WELCOME TO LEARNING EDGE TEACHER TRAINING, EDUCATION AND RESEARCH ACADEMY

Welcome to Learning Edge Teachers Training, Education and Research (LETTER) Academy, a division of Learning Edge India Pvt. Limited.

The company has extensive experience and insight gained into the field of education. The company has been in this field for more than a decade offering all forms of education – Preschool, Child Care services and K-12 education. The Teacher Training division of the company has been functioning for 4 years and has been offering certification programs in Early Childhood Education.

LETTER aims to “Train, nurture and up skill aspirants to become high-quality teachers”.

LETTER has been established by Learning Edge India Pvt. Ltd., to exclusively provide training for entry level teachers and hone the skills of working teachers. The content and curriculum of the programs offered are developed and verified by experts in the field of Education. The training programs & courses are directly handled and supervised by Mrs.Preeti Bhandary, Director of Curriculum and Mrs. Sowmia Raguraman, Dean-Academics,LETTER. The Curriculum panel consists of Mrs.Sharada Jaidev, Academics Director of Glentree Academy and many other experienced school teachers.

The first center of LETTER has commenced its operation with the first batch in February, 2016. LETTER will, over the next year and later, set up dedicated training centers to equip academically qualified people – be they fresh graduates, home makers, professionals looking for change in career to teaching, with the required skill sets, orientation and practice of teaching in school.

Teaching is a specialized domain of knowledge and skill that is acquired to provide unique learning experience to meet the educational needs of an individual. Implementing the choice of learning activities and the goals of education put forward by the school is the responsibility of a professional Teacher. A skilled and passionate teacher plays an important role in the lives of children, which in turn makes them a better citizens of tomorrow. The purpose of LETTER is to meet overall professional requirements of the Teacher Community.

We are sure; every aspirant enrolled into LETTER program will emerge out as a successful educator.

- 6 Accelerate the teacher's communication skills with students, parents & peers.
- 7 To impart knowledge on classroom management, assessment techniques and technology in teaching.
- 8 To upskill the classroom teaching techniques of working teacher.

The Need for Teacher Education

Great teachers create great students. Educating and imparting knowledge is the most fundamental part of any teaching job. The act of teaching is personal and unique to an individual. The way the teacher teaches shows their personality, experience and ambition. But learning is a cooperative effort. Like how a teacher has a teaching style, each student will also have a unique learning style. Only a good teacher with quality teaching skills, will be able to identify the learning style of a student. Quality teaching is a result of quality education.

The only way to improve the standard of education is to empower the teachers with knowledge skills, content, methodology and technology.

In fact, research shows that an inspiring and informed teacher is the most important school-related factor influencing student achievement. So Teacher Training Programs are very critical.

The Affiliation

All the programs offered by LETTER are approved by Bharat Sevak Samaj (BSS). BSS is a developmental agency, promoted by Government of India. Upon successful completion of the program, the trainees will be awarded certificates from BSS and also from Learning Edge India Pvt.Ltd.

Admission Process

Application forms are available at the respective training center/Online. The candidates should submit the duly filled application form with the following:

- Completely filled application form with clearly indicating the course the student would like to join.
- Signed copies of student policies.
- Two passport size photographs (1 for the application & other for the student identity card)
- Copy of ID & address proof.
- Attested photocopy of credentials.
- If working, letter of employment from the school where the prospective trainee is working.
- First installment payment.

Candidates opting for online program, can submit their application through email with all the above documents and fee payment can be made through bank transfers.

Class Hours and Mode of Delivery

There are two modes of delivery of the Diploma programs – Weekday regular batches & Online batches. The Weekday batches are conducted 9 hours per week and weekend batches are 4 hours per week. Typically the timings of the classes are from 10am to 1pm. Sometimes, the class timings are altered as per the batch requirements.

The online programs are conducted as 'Self-study- interactive model". The candidates will be given a link to log into the class at a stipulated time given by the trainer. The submission of assignments is through on-line mode only. The Certificate courses are only offered through online mode of teaching.

The certification programs are mostly offered as weekend programs only.

Examinations and Assessments

Every program has a written examination at the end of the course. 40 % of the marks are calculated from the internal assessments. Internal Assessments include seminars, group discussions, teaching aids, micro teaching, mini projects & viva. 60% of the marks are calculated from the external written examination. The overall pass percentage is 40%. The candidates who are acquiring above 75% will be awarded distinction. Candidates acquiring less than 40% will be considered as “Failed”. Examinations are conducted twice in a year – March and November. The candidates who have failed to clear the exam, can take the re-exam by paying an additional cost of Exam fee.

Internships

Internships are part of the Diploma Programs. The candidate has to undergo fifty of hours of Internship or Case study. LETTER will take care of arranging for the internships & case studies with the schools they have tied-up in areas near Bangalore. The candidates will be constantly guided throughout the period of internship. The online students also have freedom to choose internship centres on their own as per their convenience.
